FRANZ JOSEF LAND & THE NORTH POLE

Explore the new – and final – frontier of Arctic expedition cruising with Poseidon Expeditions

Embark on unique voyages to the Russian High Arctic and the North Pole. The remote Franz Josef Land Archipelago is the icy realm of polar bears and legendary heroic era explorers like Nansen, Jackson and Leigh Smith. Travel even further north, across the frozen Arctic Ocean to the last frontier on the planet, the North Pole. While for the Arctic cruises we use the 114-passenger luxury expedition ship Sea Spirit, the North Pole can be reached only by the world's most powerful Russian icebreaker, 50 Years of Victory.
